In-home caregivers can often be located within 2 hours. However, more advance notice increases the chances of a successful match.

How do I know I’ll be getting quality care?
Our screening process for backup caregivers is rigorous. We conduct interviews, reference checks, Social Security verification and criminal background checks.

• All candidates are required to complete orientation and a health and safety training

What should I expect after I make a request?
Our team will work quickly to identify a caregiver or child care center that meets your specific needs.

Will my backup caregiver do all of the things my regular caregiver does?
Backup caregivers come prepared to make sure your children are safe and happy, and to keep your home in the same condition you left it. They are not expected to do laundry, errands or house cleaning.
